# 9 SECURITY / COOKIES / LINKS / SOCIAL PLUGINS

## 9.1 Security measures we put in place to protect your personal information

All companies within the GreenTech group use technical and organisational security measures to protect the personal information supplied by you and managed by us against manipulation, loss, destruction, and access by third parties. Our security measures are continually improved in-line with technological developments.

Unfortunately, the transmission of information via the internet is not completely secure. Although we will do our best to protect your personal information, we cannot guarantee the security of your information whilst in transit to our website and any transmission is at your own risk.

Where we have given (or where you have chosen) a password which enables you to access an account, you are responsible for keeping this password confidential. We ask you not to share your password with anyone.

## 9.2 Use of 'cookies'

'Cookies' are small pieces of information sent to your device and stored on its hard drive to allow websites to recognise you when you visit.

## 9.3 Links to other websites

Our website may contain links to other websites run by other organisations which we do not control. This policy does not apply to those other websites and Apps, so we encourage you to read their privacy statements. We are not responsible for the privacy policies and practices of other websites and Apps (even if you access them using links that we provide) and we provide links to those websites solely for your information and convenience. We specifically decline responsibility for their privacy practices, content and terms of use, and we make no endorsements, representations or promises about their accuracy, content or thoroughness. Your disclosure of personal information to third party websites is at your own risk.

In addition, if you linked to our website from a third-party website, we cannot be responsible for the privacy policies and practices of the owners and operators of that third-party website and recommend that you check the policy of that third-party website.

## 9.4 Social plugins

We may use so-called social plugins (buttons) of social networks such as Facebook, Google+ and Twitter.

When you visit our websites, these buttons are deactivated by default, i.e. without your intervention they will not send any data to the respective social networks. In order for you to use these buttons, you must activate them by clicking on them. They then remain active until you deactivate them again or delete your cookies. Please see 'Use of 'cookies'' in Section 9 for further details regarding our use of cookies.

After their activation, a direct link to the server of the respective social network is established. The contents of the button are then transmitted from the social network directly to your browser and incorporated in the website.

After activation of a button, the social network can retrieve data, independently of whether you interact with the button or not. If you are logged on to a social network, the network can assign your visit to the website to your user account. A social network cannot assign a visit to websites operated by our other group companies unless and until you activate the respective button there as well.

If you are a member of a social network and do not wish it to combine data retrieved from your visit to our websites with your membership data, you must log out from the social network concerned before activating the buttons.

We have no influence on the scope of data that is collected by the social networks through their buttons. The data use policies of the social networks provide information on the purpose and extent of the data that they collect, how this data is processed and used, the rights available to you and the settings that you can use to protect your privacy.

## 10 MARKETING

We may collect your preferences to send you marketing information directly from us by email/SMS (where applicable) including:

- if you register an account with us online, by Phone or Email
- or request a call back.

We will only do so if you have consented to receiving such marketing information directly from us.

We may contact you with targeted advertising delivered online through social media and platforms (operated by other companies) by using your personal information, or use your personal information to tailor marketing to improve its relevance to you, unless you object.

We do not generally share your personal information for the purpose of marketing via third parties for them to contact you with marketing information about their products and services. In communication with us, where you have indicated that you would like us to do so, we would recommend that you make contact directly.

Once shared, the relevant third party's privacy policy will apply to their processing of your personal information, not ours. If you'd like to opt-out of receiving marketing from a third party after providing your consent, you can do so at any time by contacting the relevant third party directly.

If you opt-in to receiving marketing from our recommended third parties, you will receive marketing from the third parties via your preferred communication methods indicated by you:

From time to time, we may ask you to refresh your marketing preferences by asking you to confirm that you consent to continue receiving marketing information from us.

### 10.1 Third Party - Our Companies (see About GreenTech in Section 13 below).

You have the right to opt-out of our use of your personal information to provide marketing to you in any of the ways mentioned above. Please see [Withdrawing your Consent in Section 8.4](#) and Objecting to our use of your personal information and automated decisions made about you in Section 8.5 above for further details on how you can do this.
